Two Great Locations ON LAKE SIMCOE One Great Team

Making Memories A Family Tradition

Serving boaters for more than 50 years, with three generations of the Stovold family at the helm, Lefroy Harbour Resorts celebrates the boating lifestyle at two unique locations.

You can get anywhere from here! Our boaters take advantage of the beautiful summer weather by getting out on the water to explore some of Canada's most breathtaking waterways. The calm waters of our marinas lead to the beautiful Lake Simcoe and the historic Trent-Severn Waterway, a 387-kilometre water system connecting to Georgian Bay, then Lake Huron in the west, and to Lake Ontario in the south.

**NEW MODEL
25FT RANGER TUG**

**Home of the
Eastern Canada
Ranger Tugs**

Renowned for superior craftsmanship and fuel economy, Ranger Tugs are built for real cruising and real adventure – perfect for the popular Ranger Tug Rendezvous that takes place throughout North America.

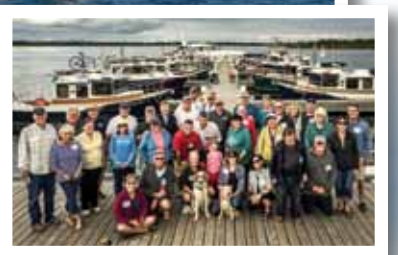

Why use a yacht broker, rather than buy or sell privately?

- ✓ Yacht brokers are already in contact with qualified buyers, and globally search brokerage-based media and resources. This saves you endless research, calls, and showings.
- ✓ We have the resources to address issues that could arise during sea trials, or in respect to survey non-conformances.
- ✓ We provide a legally binding contract that ensures you are not buying a boat with a lien on it.
- ✓ We can provide financing with better interest rates than available to private sales.
- ✓ We provide post-sale training, when needed.

**See our Brokerage Listings at
lefroyharbour.com**
